- Wear loose, comfortable clothing. Please refrain from wearing any clothing that is fuzzy or may shed fibers.
- Bring any medication prescribed by your surgeon for your procedure, such as eye drops or Valium.
- **Do not take any narcotic (such as Valium or any generic thereof) prior to arrival.** If you experience nervousness or anxiety prior to your surgery, you may request Valium from the doctor. The surgical staff will instruct you when it is appropriate to take it. Prior consumption will result in the cancellation of your procedure.
- Please don't wear any scented items such as hairspray, perfume, or cologne.
- Bring a list of any medication you are currently taking.
- Please removal all eye make-up prior to arrival.
- You may continue your normal diet prior to and following your surgery, with no restrictions.
- In most cases, your vision will be temporarily blurred following surgery – please arrange transportation home after your procedure.
- Inform the laser center in advance of your surgery day if you have a pacemaker, defibrillator, are pregnant, or nursing.
